

Setting the standard, since 1954, on . . .

HARCO INDUSTRIES

Products for those who demand excellence!

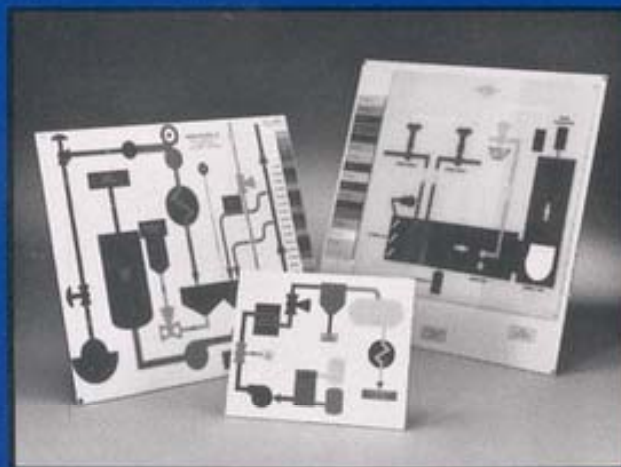

Precision Engraving and Etching

Using brass, stainless steel or plastic, we have the equipment, personnel, and experience to produce for you the finest in engraving. Some of our many items include signs, instrument control panels, nameplates, scales, and dials.

We meet every challenge to achieve your needs...

... whether it's precision engraving using sophisticated equipment, such as one of our computerized engravers shown above, or high resolution photos on metal or silk screen printing pictured below.

Ply-vinyl® graphics applied to your panels.

Nameplates

Attract attention with ...

... unique, finely crafted plastic fabrications!

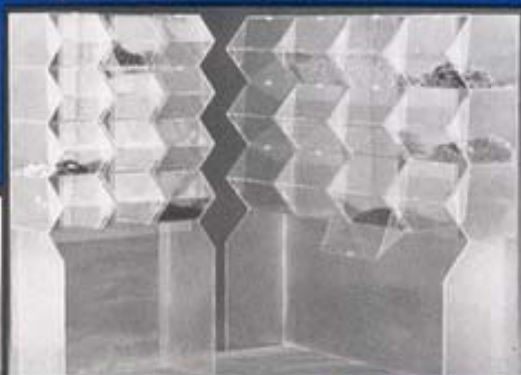

For industry, office or retail, the sky's the limit as to what we can create for you from plastic. No job is too big or too small for Harco's craftsmen.

See your sales increase through creative, distinctive and eye-catching, point of purchase acrylic displays.

Silk screen printing for your displays, signs, and industrial applications are shown below.

Acrylic Bins

Vacuum Forming

Clear Plastic Machine Guards

Your compelling logo, graphics or copy can be engraved or printed. Method, style, size, and design are limited only by your imagination... bring us your ideas...

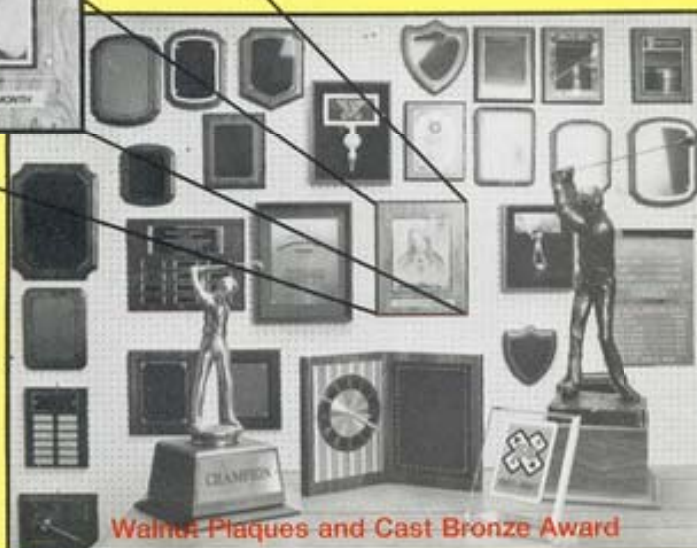

For the ultimate in Recognition, try...

... our stunning, individually crafted acrylic and cast bronze awards!

Recognize your achievers with fine custom awards of distinction. Ideally suited for that special occasion, these outstanding awards are a tribute to the kind of excellence exemplified by people like you.

Metal Photo

Whether a handsome walnut plaque or a striking, crystal-like acrylic award, our craftsmen will create an award of elegance to your specifications. Bring your ideas to Harco, "The Recognition Specialists."

For any business, industry, association or club, Harco sets the standard. Buy direct from the manufacturer for personalized service and savings. Call or write today for more information!
