

**At Last
NonSlip Safety Treatment
for tile, marble, terrazzo, and
concrete floors!**

FACT: Ongoing injuries give the impression that a business is unconcerned about the safety and well being of its customers *which can adversely affect the success of that business.*

These facilities must contain slip resistant flooring:

Retail Stores • Restaurants
Office Buildings • Shopping Malls
Homes • Apartment Buildings
Nursing Homes • Hospitals
Public Transportation Facilities
Governmental Buildings • Schools
Food Processing Facilities
Hotels • Entertainment Facilities

What happens when your floor gets wet?

***Can you afford to wait any longer
to solve this safety problem?***

Satisfaction Guaranteed!

**Stop
Slip &
Fall
accidents
on tile
and marble
floors**

**Professional
Engineering Ltd.**

Now Available in Asia !

Specialty Products to eliminate the slip and fall accidents of your customers and employees.

These products are designed to significantly increase the slip resistance of both virgin and treated stone flooring.

FACT
Slip and Fall accidents are a serious concern for business, industry and government agencies.

These products contain no compounds which can adversely affect or eventually damage flooring surfaces.

They are proprietary **clear** (transparent) formulations that bond to flooring surfaces and raise the slip resistance, even when floor is wet.

FACT: Even minor slip and fall injuries account for thousands of hours of lost work time, and millions of dollars in injury lawsuit settlements or awards.

Our safety treatment products are appropriate for use on all types of stone flooring, such as

Resilient Tile • Terrazzo
All Ceramic and Mineral Tiles
Concrete • Sealed Wood

A product for every situation -
**TileSafe • TST • Friction Clean
Continuous Traction • Safety Seal**

Ask about chemical resistant PVC nonslip mats to reduce worker fatigue; cleaners and degreasers; and, **antistatic** coatings, sealers and treatments for all surfaces, e.g. Antistatic Spray & Buff significantly lower in cost than wax.
