A gift from the heart . . .

Dear Educator,

The enclosed survey is a gift from you to your students guaranteed to have a positive impact on their futures. We encourage you to take a few minutes to distribute it to the sophomore and freshmen students in all of your classes.

The survey helps us to evaluate and better understand the kind and degree of influence we've had on the lives of young people. In addition, the survey helps your students, by creating opportunity for . . .

- Nearly 1,300 colleges and universities to directly contact students whose unique interests and talents fit their offerings.
- Students to make informed decisions about their educational futures knowing where best to go, how to prepare and when.
- Many students to hear from non-profit and for-profit organizations offering educational opportunities such as: college admissions services, financial aid, career information, and extracurricular enrichment and recognition programs.

The organizations' programs support you, the school, parents and your community by . . .

- Teaching young people to recognize and respond to community needs and learning that they can make a difference;
- Encouraging academic excellence paired with the importance of meaningful outside activities;
- Providing opportunities and training to build caring, confident youth and future leaders;
- Assisting students with their self-esteem, motivation and important skills that will benefit them throughout their lives; and,
- Helping youth to understand the broader picture of success and that they can succeed no matter their circumstances, including going to college.

We appreciate your conducting the enclosed survey today. Should you have any questions or need to request additional surveys, feel free to call me, at {insert tel#}.

Sincerely,

{insert name}
{insert title}

P.S. Please place the completed surveys in the enclosed postage-free envelope and return before {insert date}. **And, thank you for your participation.**
