

# A ROYAL JOURNEY TO SPICES

Spices is popular for its diversified and authentic Asian cuisine, tasteful Eastern design and delightful garden setting. It was opened in 1987 in the colonial building that replaced the Repulse Bay Hotel and is now known as The Repulse Bay.

It's perfect for casual dining, families, quiet romantic dinners, and special social or business gatherings. Cuisine is Asian --- its Tandoori kitchen prepares a balanced selection of dishes from Thailand, Indonesia, Malaysia, Vietnam, India and China. Even though named Spices, it's flexible on the seasoning. "Spices is for everyone," states Mr. Busan Cheung, Food & Beverage Manager. "So we have from mild to hot and will accommodate special requests from our customers on the seasoning."

## ENJOY OUR ROYAL THAI CUISINE

"When something special comes along, Spices presents a promotion and from **21st June to 1st July**, we'll have a very special Thai promotion," announces Ms. Gary Cheung, Marketing & Sales Manager. "Our guests will have the wonderful experience of authentic **Royal Thai Cuisine**. On the evenings of 21st through 24th June, Thai Dancers, musicians and even Muay Thai Boxing will be featured."

Chawladda Original Thai Cuisine will prepare these wonderful dishes. According to Mrs. Kanjana Petcharanmanee, Director, "Thai Cuisine is more than just dishes of spicy delicacies. In **Royal Thai Cuisine**, every dish must be pleasing to both the eye and the palate. Not only must ingredients be carefully selected and cooking techniques perfect, the presentation must also be creative. As a result, its preparation requires not only experienced Thai cooking but also expertise in vegetable and fruit carving as well as flower arranging."

"Spices has taken this promotion even further," according to

Ms. Gary Cheung. "From 26th June to 28th June, these leading professionals of **Royal Thai Cuisine** will offer cooking classes." This will be a wonderful opportunity and event for lovers of Thai food --- the chance to learn some genuine Thai cooking right in Hong Kong. All of these events take place in an established authentic Thai ambience in the Terrace area.

Of course, year round you can have an enjoyable experience with the variety of Asian cuisine at Spices in a truly relaxing atmosphere with a gorgeous view of South China Sea. The price is affordable with a wide selection of a la Carte and set menu offerings on weekdays and buffet on weekends.

at the great

Dear Bob

It is our pleasure to invite you and your colleagues to Spices to experience our Royal Thai Cuisine on Thursday June 21, 2001 at 6:30pm.

We look forward to welcoming you at The Repulse Bay.

With warmest regards,
